*Govt. Taxes as applicable							
Note: The provided estimate will be based on the information given by the operator and includes the anticipated scope of work. The final invoiced amount may exceed the initial estimate if justified for valid reasons. Additional time required for inspection or certification due to the operator's shortcomings or services not included in the original offer will incur extra charges. Furthermore, inspections mandated by the certification committee or investigations arising from major non-compliance will also be billed accordingly. Please note that one man-day equals 8 hours. In case of Grower Groups estimate will be based on the initial risk assessment, considering the minimum number of samples to be verified. If a higher risk is observed, additional samples may need to be inspected, potentially requiring more man-days for verification.
